Online Exams

Florida Water Star Accredited
Professional Exams are
available online immediately
following class completion.

- Attend training in Apopka, led by Deirdre Irwin and nationally recognized instructor Kurt Thompson.
- Earn Florida Water Star Accredited Irrigation Professional or Florida Water Star Accredited Landscape Professional designation.
- Professionals who pass the AP test can market their services to building contractors wishing to participate in Florida Water Star rebate programs and local landscape irrigation ordinances.

Training sponsored by the St. Johns River Water Management District and hosted by the City of Apopka. Exams provided by the Florida Nursery, Growers and Landscape Association (FNGLA).

"Florida Water Star raises the bar with certification of landscape and irrigation professionals. I highly recommend this comprehensive course for all designers and contractors."

— Judith Carney, President,
Clear Water Products and Services, Inc.

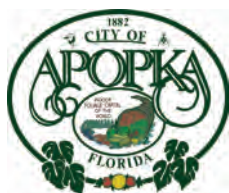

"The New Florida Water Star AP Certification is a must have designation to be considered a 'green' professional!"

— Aaron Smith, President,
Insight Irrigation, LLC

Continuing Education Credit

- Board of Landscape Architecture — 7.25 credits CE/course #0009685
