Online Exams

Florida Water Star Accredited
Professional Exams are
available online immediately
following class completion.

- Attend training and exams scheduled in Clearwater, FL.
- Professionals who pass the AP test can market their services to new building contractors wishing to participate in new Florida Water Star rebate programs currently available throughout the Tampa Bay area.
- Earn Florida Water Star Accredited Irrigation Professional or Florida Water Star Accredited Landscape Professional designation.

Training sponsored by the Southwest Florida Water Management District and hosted by Tampa Bay Water. Exams provided by the Florida Nursery, Growers and Landscape Association (FNGLA).

"Florida Water Star raises the bar with certification of landscape and irrigation professionals. I highly recommend this comprehensive course for all designers and contractors."

— Judith Carney, President,
Clear Water Products and Services, Inc.

"The New Florida Water Star AP Certification is a must have designation to be considered a 'green' professional!"

— Aaron Smith, President,
Insight Irrigation, LLC

Continuing Education Credit

- Board of Landscape Architecture — 7.25 credits CE/course #0009685
- FNGLA-certified professionals — 6 CEU hours
- Irrigation Association — 4 CEU hours
